## Product Description

### Unisex Polygon Kids Eyeglasses in Lightweight Design LF 2001

#### Product Description:

The Model LF 2001 has a full-rim frame and can withstand the wear and tear of daily use. Made from a combination of beta titanium, the eyeglasses are lightweight, making it comfortable for kids to wear all day long.

One of the best things about this eyeglasses is that it has an adjustable temple length, which means that it can easily be adjusted to fit the size of your child's head. This feature ensures that the eyeglasses will stay in place and won't slip off, even if your child is running around and playing.

Aside from being a fashionable accessory, the Model LF 2001 is also functional. It can protect the eyes from prevent eye strain, making it the perfect choice for kids who spend a lot of time outdoors or in front of a screen.

Overall, the Model LF 2001 is a great choice for parents who want to invest in a high-quality pair of eyeglasses for their kids. With its lightweight design, adjustable temple length, and ability to protect the eyes, this eyeglasses is a must-have for any child.
