Product Description

Environmental Protection Kids TR And Silicone Frame Glasses LF 2156

Product Description:

These glasses are a unisex design, they are suitable for any child who needs corrective eyewear. The lightweight design of these glasses means that your child won't even notice that they're wearing them. They weigh only 12.6G, making them one of the lightest eyeglasses products on the market.

The frame of these glasses is made from high-quality TR material that is both durable and lightweight. TR is known for its flexibility and strength, making it the perfect material for kids eyeglasses. The frame is also designed with silicone nose pads that provide added comfort and support, ensuring that your child's glasses stay in place all day long.

These glasses are perfect for active kids who need a reliable and comfortable pair of glasses. The adjustable temple length ensures that the glasses fit securely and comfortably, while the TR frame and silicone nose pads provide added durability and comfort.
