## Product Description

### Product Description:

The TR 90 material is known for its lightweight properties, making it easy to wear for extended periods without feeling any discomfort. This Full Rim frame is 49-17-149 mm in size, making it the perfect fit for both men and women. The rectangle shape of the frame will complement any face shape, making it a versatile choice for all.

The Full Rim design of this frame provides additional support to the lenses, ensuring that they are less likely to fall out or break. The TR material used in this frame is not only lightweight but also durable, making it a great choice for those who lead an active lifestyle or are looking for a frame that will last for a long time.

One of the key features of this TR 90 Full Rim Rectangle Frame is that it is not easy to deform. This means that it will maintain its shape even after extended use, making it a reliable choice for everyday wear. The frame is also unisex, making it a great choice for both men and women.

Overall, if you are looking for a lightweight, durable, and versatile eyewear solution, then the TR 90 Full Rim Rectangle Frame is the perfect choice for you. With its Full Rim design, TR material, and rectangle shape, this frame is not only stylish but also functional, providing you with the support and comfort you need throughout the day.
