Product Description

Customizable Sleek Metal Framework With Flex Temple Length 3808

Product Description:

The metal structure of this frame provides durability and a sturdy foundation for your lenses. The metal framework also adds a touch of sophistication to your eyewear, perfect for those who prefer a more upscale look.

While the metal framework is the star of the show, the TR plastic frame provides additional support and comfort. The combination of metal and TR plastic creates a perfect balance of strength and flexibility, ensuring that your glasses will last for years to come.

Available in various sizes, this metal frame is perfect for anyone looking for a stylish and practical eyewear option. Whether you need glasses for work or play, this frame will provide the necessary support and style to get you through the day.

Upgrade your eyewear game with our modern and exquisite metal frame, featuring a full-rim frame and the perfect balance of metal and TR plastic. Order yours today and experience the durability and style of this must-have accessory.
