Product Description

Ultralight Metal Skeleton Eyebrow Bracket For And Affordable 3532

Product Description:

The Eyebrow Bracket features an adjustable temple design, ensuring a comfortable fit for all head sizes. The temples can be adjusted to fit snugly behind the ears, preventing the frame from slipping down the nose. Additionally, the temples are flexible and sturdy, making them durable enough to withstand daily use.

One unique feature of the Eyebrow Bracket is the eyebrow bracket itself. This stylish design element adds a touch of business style to the frame, making it suitable for both professional and casual wear. The bracket sits just above the nose bridge, drawing attention to the wearer's eyes and adding a subtle yet impactful touch to the overall look.

At our company, we understand the importance of branding. That's why we accept customer's logos to be printed on the frame, making it an excellent promotional product for businesses. By adding your logo to the Eyebrow Bracket, you can showcase your brand in a stylish and fashionable way.

In summary, our Eyebrow Bracket metal frame is a versatile and fashionable accessory suitable for both men and women.
