Product Description

Product Description:

The metal material makes the product lightweight and comfortable to wear for long periods.

The product also features an eyebrow bracket that adds a stylish touch to the frame. The bracket is designed to enhance the appearance of the glasses and make them more fashionable. You can choose from various colors available to match your personal style.

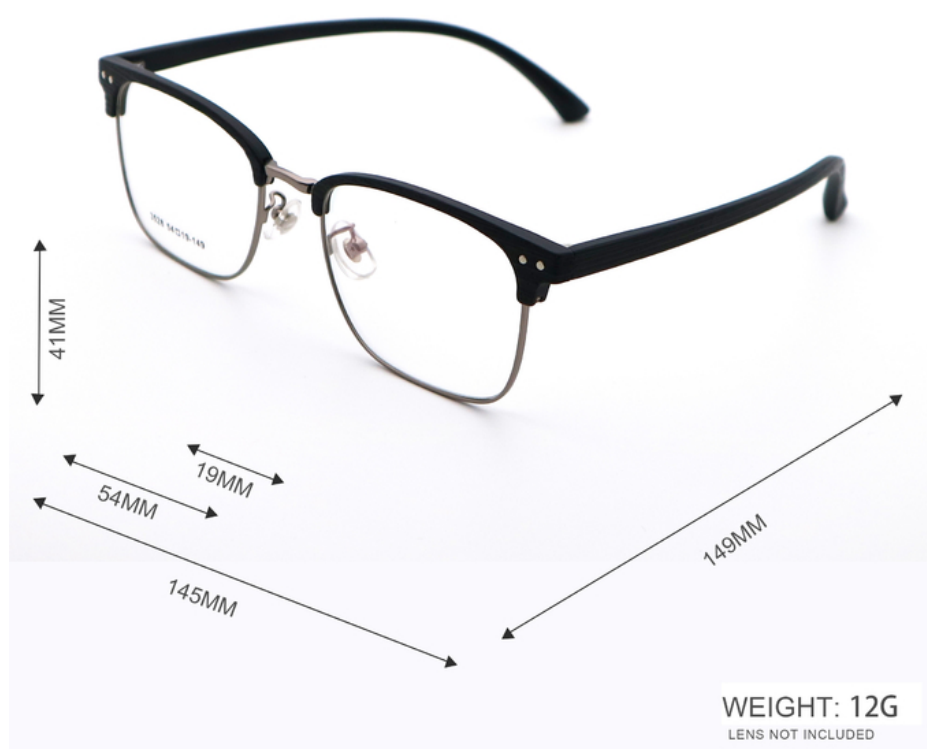

The metal framework assembly used in the product provides excellent durability. The frame can withstand normal wear and tear, making it a reliable choice for everyday use. The metal material also makes it easy to maintain and clean.

The TR material used in the product enhances the overall quality of the frame. It adds flexibility and resistance to the product, making it more comfortable to wear. The combination of metal and TR material provides a perfect balance of durability and comfort.

In summary, our fashionable optical frame model 3528 is a durable and reliable choice for everyday use. The metal framework assembly, eyebrow bracket, and TR material make it a stylish and comfortable product. It comes in various colors to match your personal style, making it a great choice for anyone looking for a reliable and fashionable optical frame.
