Product Description

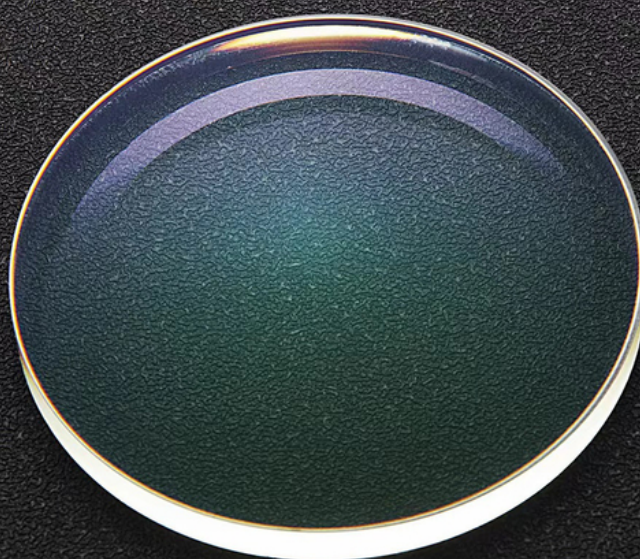

1.60 Anti Blue Light AR Coating Ophthalmic Lenses Single Vision Lens

Product Description:

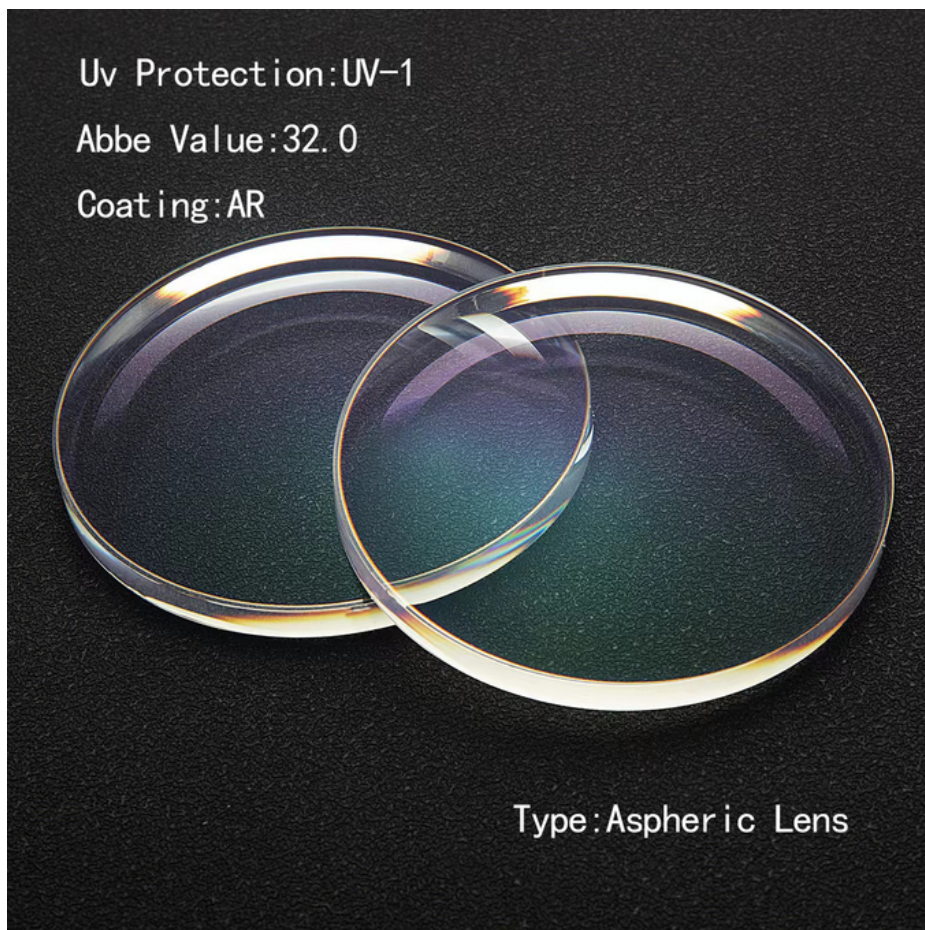

With an index of refraction of 1.60 and an Abbe value of 32, this lens is designed to provide crisp, clear vision that rivals even the most expensive options on the market. And with scratch resistance built right in, you can trust that your investment will last for years to come. But that's not all - our Aspheric Single Vision Lens also features UV protection and Anti Blue Light, helping to shield your eyes from harmful rays that can cause damage over time. Whether you're spending your days outdoors or simply want added peace of mind while driving, this lens has you covered.

So why wait? Invest in the best with our Aspheric Single Vision Lens today and experience the difference for yourself!
