## Product Description

### Thin Impact Resistant 1.59 PC Lenses AR Coating Progressive Lens

#### Product Description:

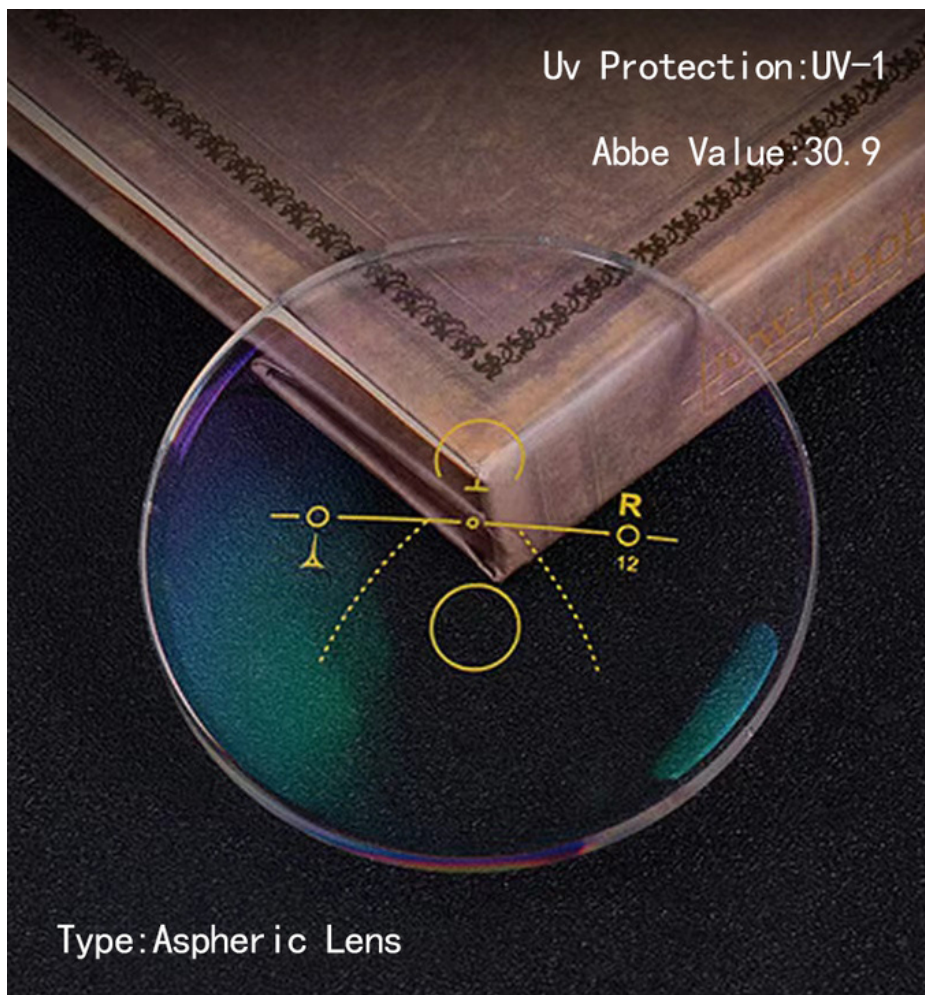

The VOLGTLANDER progressive lens is manufactured in China and adheres to strict quality control measures. The lens is designed with an aspheric shape, which means that it provides a wider field of vision and reduces distortion. This lens is perfect for those who require a lens for everyday use as it provides clear and sharp vision.

The VOLGTLANDER progressive lens comes with UV-1 protection, which means that it blocks harmful UV rays. This feature makes it a perfect choice for those who spend a lot of time outdoors or are exposed to UV radiation. The lens is also water-repellent, which means that it repels water and prevents it from sticking to the surface. This makes it easy to clean and maintain the lens.

The VOLGTLANDER progressive lens is suitable for a wide range of activities and occasions. It is perfect for those who require a lens for everyday use, such as reading, writing, or using the computer. It is also suitable for those who engage in outdoor activities such as sports or hiking. The UV protection feature makes it an excellent choice for those who live in areas with high UV radiation levels.
