Product Description

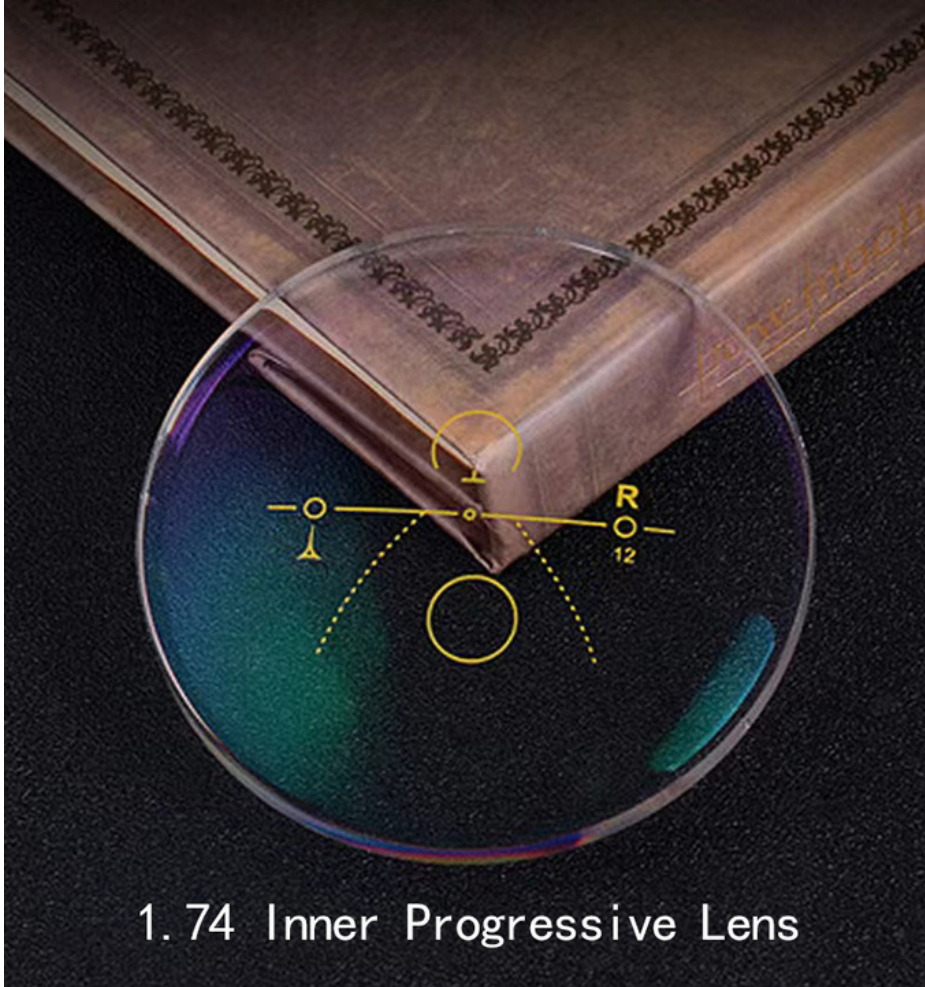

Customized Comfort Eyewear Adaptable 1.74 Inner Progressive Lens

Product Description:

The clear color of the lens ensures that your vision remains bright and sharp, while the green coating color adds a touch of style to your eyewear. The coating also helps to protect the lens from scratches and smudges, ensuring that your vision remains clear for longer periods of time.

Our progressive lens is designed with your comfort in mind. The adaptable design ensures that you can wear your glasses for extended periods of time without experiencing any discomfort or eye strain. This makes our progressive lens a great option for those who spend long hours in front of a computer screen or engage in other tasks that require frequent changes in focus.

Whether you choose to purchase our progressive lens in-store or online, you can rest assured that you are getting a high-quality product that is designed to meet your unique vision needs. So why wait? Try our progressive lens today and experience the comfort and versatility that it has to offer!
