## Product Description

### Product Description:

Our Round Top Bifocal Lens Semi-finished lens product is designed with high impact resistance, ensuring your eyes are protected from any potential hazards. The standard lens diameter is perfect for everyday wear, allowing for a comfortable fit. The semi-finished design of the lens provides flexibility for customization, ensuring a perfect fit for your needs.

The thin lens thickness of our Round Top Bifocal Lens Semi-finished lens product reduces the weight and thickness of your glasses, providing you with a comfortable wearing experience. The UC/HC/HMC coating on the lens ensures that your vision is always clear and crisp, with minimal glare or reflections.

Our Round Top Bifocal Lens Semi-finished lens product is perfect for those who are always on the go, adapting to changing light conditions throughout the day. Whether you're indoors or outdoors, our lens will provide you with the perfect amount of tint to keep your eyes protected and comfortable.
