Product Description

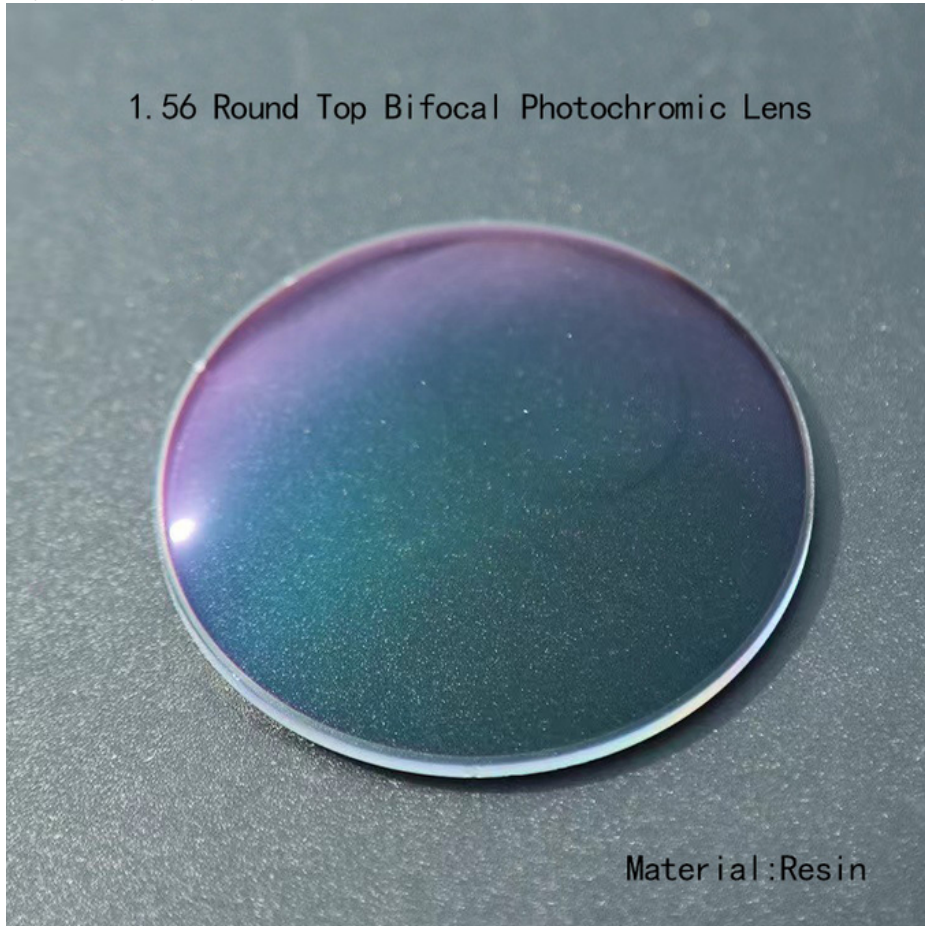

Product Description:

These lenses are ideal for outdoor activities such as hiking, running, and cycling, as they can adapt to changing light conditions. They are also great for driving, as they reduce glare and improve visibility.

VOLGTLANDER's 1.56 Round Top Bifocal Photochromic Lens is made from high-quality resin, ensuring that they are lightweight and comfortable to wear. Their thin lens thickness also adds to their comfort factor.

These lenses are also highly impact-resistant, making them a safe and durable choice. They are manufactured in China, ensuring that they are of high quality and meet international standards.
