Product Description

Trendy Optical Eyeglasses Frame Pure Titanium Light Weight 88283 Product Description:

The glasses frame uses advanced IP plating technology to ensure the smoothness and abrasion resistance of the frame surface. IP plating not only enhances the service life of the frame, but also gives it a noble and elegant luster, which makes people fall in love at first sight. In terms of design, this glasses frame fully demonstrates the combination of sophistication and fashion. Whether it is the smoothness of the lines or the overall shape, it reveals a simple yet elegant beauty. Whether it's for everyday wear or for an important occasion, it's easy to navigate. In terms of material, this glasses frame is made of pure titanium. Pure titanium has the advantages of lightness, corrosion resistance, and anti-allergies, so that the wearer can enjoy a more comfortable and healthy wearing experience. At the same time, the pure titanium material also gives the frame better toughness and durability.
