Product Description

Adjustable Full Rim Titanium Glasses With Personalized Design 88288

Product Description:

Our Pure Titanium Glasses are unisex, making them perfect for anyone looking for a stylish and comfortable pair of glasses. They are available in various colors, which means you can pick a color that matches your personality and style.

The Pure Titanium Glasses are made from a combination of pure titanium and acetate. The use of pure titanium optical frames ensures that the glasses are lightweight, durable and corrosion-resistant. The acetate material used on the temples provides a comfortable grip, making the glasses easy to wear for extended periods.

The glasses have a full rim frame type that offers maximum support and protection to the lenses. The full rim design also enhances the durability of the glasses, ensuring they can withstand any accidental impacts. The pure titanium frames are non-allergenic, making them ideal for individuals with sensitive skin.
