Product Description

Sleek Full Rim Pure Titanium Spectacles In Various Frame Colors 88286

Product Description:

The full rim frame type of the pure titanium eyeglasses provides a sturdy structure that holds the lenses securely in place. This type of frame is perfect for individuals who require glasses for daily use, as it can withstand wear and tear better than other frame types.

The size of the pure titanium optical frames is 49-19-145, which is suitable for most face shapes. The 49mm lens width provides optimal coverage for the eyes, while the 19mm bridge width ensures a comfortable fit on the nose. The 145mm temple length ensures that the glasses fit snugly on the ears without causing any discomfort.

The pure titanium spectacles are designed to be unisex, making them a versatile accessory for everyone. They are suitable for both men and women who are looking for high-quality eyewear that is both stylish and functional.
