Product Description

Product Description:

The Beta Titanium Glasses have a size of 49-18-148, ensuring a snug and comfortable fit for most face shapes. The weight of these glasses is just 12G, making them one of the lightest titanium frame glasses available in the market. You won't even feel like you're wearing glasses with this pair.

The material used for the frame is a combination of beta titanium and TR, making it incredibly sturdy and long-lasting. This pair of glasses is perfect for those who lead an active lifestyle and require eyewear that can keep up with them.

The Beta Titanium Glasses have a modern look that is perfect for those who appreciate literature and art. These glasses will add a touch of sophistication to your look and make you stand out from the crowd.
