Product Description

Product Description:

One of the standout features of the ZTO 1010 is the use of TR material in the design. This material is known for its flexibility and comfort, which means that these glasses will feel comfortable on your face throughout the day. The combination of beta titanium and TR material also means that these glasses are resistant to damage from everyday wear and tear.

If you are looking for a pair of titanium frame glasses that are both stylish and durable, the ZTO 1010 is a great choice. The combination of beta titanium and TR material makes these glasses the perfect accessory for any occasion. With their fashion design and ip-plating finish, these glasses are sure to turn heads wherever you go.
