## Product Description

### Product Description:

One of the standout features of the Beta Titanium Glasses is the ip-plating finish. This gives the glasses a sleek and modern look that is sure to turn heads. The ip-plating not only adds to the aesthetic appeal, but it also helps to protect the glasses from wear and tear, ensuring that they look and perform their best for years to come.

At only 12G, these titanium frame glasses are incredibly light, making them ideal for those who are always on the go. The lightweight design ensures that the glasses don't weigh down on the wearer's face, allowing them to be worn comfortably for long periods of time without any discomfort or fatigue.

The Beta Titanium Glasses are suitable for both men and women. The unisex design ensures that they can be worn by anyone, regardless of their gender or personal style. The glasses are available in a variety of colors, allowing the wearer to choose the one that best suits their individual preferences.

Starry Black Silver

Scottish Grey

pinkish purple

Light Brown Tea
