Applications:

Product Application Occasions and Scenarios for ZERO TO ONE Beta Titanium Glasses (Model: ZTO 9206):

The ZERO TO ONE Beta Titanium Glasses are a versatile eyewear option suitable for various occasions and scenarios. Made from 3D printing titanium alloy, these glasses offer a perfect blend of style, durability, and comfort. The product attributes make it ideal for the following applications:

Chemical Safety Glasses: The Beta Titanium Glasses are designed to provide protection for the eyes in chemical laboratories, industrial settings, or any environment where chemicals are handled. The lightweight and sturdy frame ensures that the glasses can be worn comfortably for extended periods.

Professional Settings: With its sleek design and various color options, these glasses are suitable for professionals working in different industries. The unisex design makes it a versatile choice for both men and women in corporate, creative, or academic settings.

Outdoor Activities: The Beta Titanium Glasses are perfect for outdoor activities such as sports, hiking, or leisurely strolls. The durable frame can withstand outdoor conditions, while the different color options allow users to match their eyewear with their outfits.

Everyday Wear: Whether running errands, meeting friends, or going for a casual outing, these glasses provide a stylish accessory for everyday wear. The lightweight design and comfortable fit make them suitable for long hours of use without causing discomfort.

Travel Companion: When traveling, having a reliable pair of glasses is essential. The Beta Titanium Glasses are compact, lightweight, and durable, making them a perfect travel companion. The various color choices allow users to coordinate their eyewear with different travel outfits.

With ISO certification and a minimum order quantity of 100, these glasses are manufactured in China with a supply ability of 10,000 pieces per month. The delivery time ranges from 5 to 8 working days, and payment terms accepted include T/T, PayPal, and Western Union. The glasses weigh 10g and come in a full-frame design with a size of 51-20-142, suitable for a wide range of users.
